NEW ALBUM FROM THE BALLROOM BAND

Another "Exile on Main street" or just "Music from Big Pink" ? Inspired with grace by our phrased debut album our new musical "Album Revival Project" We, The Ballroom Band's next musical Conspiracy is an ongoing quest to rehears, arrange and record new music.

The Ballroom Band are still in love with the things that bands did in the late 60s & early 70s, when a great album was like a musical mystery tour and a magical lesson in musical knowledge, and not just a single piece of new merchandise to be flawed. This is the music that we love and treasure, hold and behold and we're sure that there's more than a few of you real music lovers out there that shares our passion in what music actually can do for us humans!

**"IT'S DIFFICULT TO BELIEVE THIS AIN'T NASHVILLE"**

**"I LOVE THIS BAND... WANT TO SIT AND LISTEN TO EVERY WORD HE SINGS"**

Jo Rae Di Menno - Johnny Cash & South by Southwest Music Festival (US)
